Official ĊAMCaching Rules

ĊAMYouths Support Team

May 28, 2021

1 Outline

This is a geocaching[1] / "treasure" hunting[2] event where small groups of people can team up to find hidden caches (containers) across various locations in Malta. A list of locations is available at `https://camcaching.web.app` with the required starting points. You may use the hints provided with each location to identify the spot where a cache is hidden. Once a cache is found, complete the challenge inside and make sure to record yourselves doing so[3]. Write a new challenge for the next group to find and restore the cache to its original location. Post the recording on `https://www.facebook.com/groups/camyouths/` and make sure to include a `#camcaching` tag in your post description, together with the challenge.

2 Specifics

2.1 Locations

2.2 ĊAMCaches

2.3 Challenges

2.4 Scores

3 Disclaimer

We (the ĊAMYouths Support Team) neither suggest nor condone any actions, maneuvers or behaviors which do not conform with Malta's legislation.
